

Ten Toes Up Ten Toes Down
(Gotta Funny Feeling While The World Goes Round)

Verse

(G)
Hey Babe, what'cha got cookin'

(C) (Csus)
standin' in the kitchen and you're so good lookin'

(G)
Got the day off work, chores are all done

(D) (D7)
sparkle in your eyes says you want to have fun

(G)
Sun's just beaming through your thin white dress

(C)
We start into kissing and the world stops spinning

(G)
When the lovin's done , we're both in sighs

(D) (D7)
tea kettle whistles and the eggs start frying

(G)
The world starts spinning and we're back in time

(C) (Csus)
And that funny little feeling gets lost for awhile

(G)
But it comes right back and you never know when

(F) (C) (D) (G)
we're glad when it does cause it sure stops time

Chorus

(C) (G)
Ten toes up, ten toes down, gotta funny feeling while
the world goes round

(C)
Nine months later, very first child

(D) (D7)
With a big ole head, and a no teeth smile

(C)
Gotta a belly like Buddha not a hair on his head

(G)
tickle them toes, and the cheeks turn red

(D) (D7)
wonder how they get here makes it all
worth while

(F) (C) (D) (G)
With that funny little feeling that we get inside

Bridge

(D) (D7)
Stopping that time with a feeling

(C) (G)
Put the world on hold with our heavy breathing

(D) (D7)
I'm looking down, you at the ceiling

(C)
We fall into one

(C7) (D7)
Oh, what a feeling, it is

Repeat Chorus and Tag - Capo 2
